Introducing

Welcome (Bienvenidos) to a truly innovative and historic Oral Health publication. We at the Journal of the Hispanic Dental Association (JHDA) pride ourselves at being the first bilingual (English/Spanish) Oral Health publication recognized by the United States Library of Congress in both printed and digital format. Our publication offers in depth research and commentary articles based on scientific and best practices from leading authorities such as the Assistant U.S. Surgeon General, Presidents and Leaders from prominent dental organizations, and leading Dental Deans from the top national and international dental schools. Your financial support goes beyond covering costs of production, distribution and growth but also places your economic backing at helping our legacies impact Dentistry in synergistic fashion. On behalf of the Editorial Team of the JHDA, we welcome your growing support in creating the scientific publication of today and beyond.

With appreciation/Con Aprecio,

What We Offer

The JHDA is published in both printed and digital formats. The JHDA has academic, industry, as well as government and private sector stakeholders as part of its authors and readership. The goal of serving the Hispanic Community through a multi-media approach is the goal of our publication. We understand one size does not fit all when it comes to budgets and scope of reach so the JHDA Team has taken sponsorship opportunities into consideration to meet your personal, professional or industry needs.

Media Placement

Social-media (Facebook, ISSUU, Instagram) are the preferred vehicles selected from various market analyses made. The mature aspect of Facebook provides a solid epicenter for the more developed dental professional. While the more light hearted and flexible Instagram platform creates a dynamic component for more creative marketing, outreach and professional opportunities.

Meet our 2023 Board

Our Board Members are comprised of community and national leaders with expertise in a wide range of areas, including dental training, advocacy, education, fund development, and business management. The Board meets twice monthly (and once in person annually). The JHDA board members/team are responsible for taking care of the strategic and financial health of the publication on an ongoing basis.
