It will also guide attendees on how to evaluate and address some of these diabetes related disorders in routine clinical practice in these patients. <u>Current Status of Diabetes, Cardiovascular and Renal Disease in the Latino/Hispanic Community</u> Fidencio Saldana, MD, MPH Dean for Students, Cardiologist Harvard Medical School, Cambridge, MA

Description: This presentation will describe the pathophysiological connection among diabetes, cardiovascular and chronic kidney disease. In addition, it will guide attendees on how to assess cardiovascular risk in Latino patients with type 2 diabetes and provide practical strategies to manage key cardiovascular and renal factors in this population.

Diabetes Education for the Latino Patient with Diabetes: Why, When, Where and How?

Ricardo Correa, MD, EsD, FACP, FAPCR, CMQ

Endocrinology, diabetes and metabolism fellowship program director
University of Arizona College of Medicine, Phoenix, AZ

Description: This presentation will illustrate the common challenges but also related opportunities to optimize diabetes patient education programs geared at the Latino/Hispanic community. Some examples of successful intervention will be shared with the audience as well as some key information on community resources to improve diabetes education in this high-risk group

The “A to Z” for the Management of Type 2 Diabetes in the Latino Community and Other Culturally Diverse Populations

Enrique Caballero, MD

Description: This presentation will guide the audience on how to practically evaluate and address frequent biological, psychological, emotional, social and cultural factors that influence the development and course of type 2 diabetes among Latinos/Hispanics. Dr. Caballero has published an “A to Z” list that include these factors and how to address them in clinical practice.

Revisiting the Clinical Case + Panel Discussion

B.2 – C.2: Cardiovascular Disease Education Session: - Salon 2 - CME

Welcome and Introductions

Chair: Carlos J. Rodriguez MD, MPH, FACC, FAHA

Professor of Medicine, Cardiologist
Albert Einstein College of Medicine, The Bronx, NY

Overview of epidemiology, pathophysiological and clinical manifestations cardiovascular disease in Latinos/Hispanics highlighting the importance of disaggregated data

Fatima Rodriguez, MD, MPH

Assistant Professor of Medicine, Cardiologist
Stanford University Medical Center, Stanford, CA

Description: This presentation will describe the current understanding of cardiovascular disease in Hispanics, as a diverse ethnic population, varying in race, national origin, immigration status, and other socioeconomic characteristics. It will also guide attendees on how the impact of disaggregated data in routine clinical care and assessment of cardiovascular risk in the Hispanic population.

Current status of Heart Failure (HFpEF and HFrEF) disparities and treatment in the Latino/Hispanic community

Hector O. Ventura, MD, FACC, FACP

Section Head, Cardiomyopathy and Heart Transplantation
Ochsner Medical Center Cardiology, New Orleans, LA

Description: This presentation will describe the pathophysiological connection of heart failure with cardiovascular risk factors such as diabetes, obesity, and hypertension in the Hispanic population. In addition, it will guide attendees on how to distinguish HFpEF and HFrEF and provide practical strategies to manage key heart failure conditions in the Hispanic population. This presentation will also address the important intersection of biological, psychosocial,

emotional, and cultural factors that influence the development and course of cardiovascular disease among Latinos/Hispanics.

Dyslipidemia in the Latino/Hispanic community

Leandro Slipczuk Bustamante, MD, PhD, FACC

Director of the Advanced Cardiac Imaging Program and the Cardiovascular Atherosclerosis and Lipid Disorder Center at Montefiore Cardiology Division
Albert Einstein College of Medicine, The Bronx, NY

Description: This presentation will describe the various lipid disorders relevant to the Hispanic population. It is not just LDL-C that is important among Hispanics but also mixed dyslipidemia, apoB and Lp(a) levels. Familial hypercholesterolemia (whether homozygous or heterozygous) will be discussed as this condition is likely underappreciated and undertreated among Hispanics.

Coronary Heart Disease (angina, heart attacks and coronary revascularization) in the Latino patient: Why, when, where and how

Mauricio G. Cohen, MD, FACC, FSCAI

Professor of Medicine

University of Miami Miller School of Medicine, Miami, FL

Description: This presentation will illustrate the common challenges but also relate opportunities related to management of coronary heart disease in the Hispanic population. Some examples of successful interventions will be shared with the audience as well as some key information on community resources to improve cardiovascular health in this high-risk group.

The Hispanic Paradox debate: Is it relevant to cardiovascular disease in the Latino populations

Cesar Jose Herrera, MD

Cardiologist

Albert Einstein University/Montefiore Medical System, Bronx, NY

Description: This presentation will guide the audience on the differing perspectives of the Hispanic Paradox and its influence on cardiovascular disease management in the Hispanic population.

Pro: Dr. will present on the positive aspects of the Hispanic Paradox and why it is important when considering the biology, prevention, treatment and care of cardiovascular disease in Hispanics.

Con: Dr. will present on cautions of the Hispanic Paradox how to practically evaluate and address our gaps of knowledge of the Hispanic Paradox as it pertains to the development and course of cardiovascular disease among Latinos/Hispanics.

10:45 am – 11:45 am

Workshops B

B.3 Key Decisions in Medicine and Surgery Careers – *Maryland A - CME*

Moderator:

Donald Portocarrero, DO – invited

Gastroenterologist, Monterey Park, CA

Speakers TBN

B4. Mental Health: Immigrants- The Border and Beyond: US-Mexico Border Refugee Family Separation – *Maryland B - CME*

Moderator:

Serving the Underserved: Addressing Health Care Disparities and Advocacy in a Border Community

Francisco Fernandez, MD

Professor of Psychiatry
and
Alfonso Mercado, MD
Associate Professor, Department of Psychological Science
University of Texas Rio Grande Valley School of Medicine, Harlingen, TX

US-Mexico Border Health Documentary

Leonel Lopez III, MD
Family Practice Post Doc Fellow
Yale School of Medicine

B5. Community Outreach – Virginia A – CDE
Moderator: Martha Mutis, DDS, MPH
Assistant Professor, Nova Southeastern University

Change Behavior Strategies in After School Programs to Decrease the Intake of Sugary Drinks and to Improve Oral Health in Multicultural Populations

Luz Marina Aguirre, DMD
Assistant Professor of Dental Medicine, Columbia University, New York, NY
Division of Pediatric Dentistry
Section of Growth and Development

11:45 am – 12:45 pm

Workshops C

C3: Surgical Spotlight on Latino Healthcare supported by the Latino Sutgical Society –
Maryland A - CME

Moderator:
Minerva Romera MD
President, Latino Surgical Society
UTRGV School of Medicine, Harlingen, TX

Speakers TBN

C4. Medical Care for Violence, Trauma – *Maryland B - CME*

Moderator:

Traumatic Stress in Latino Immigrant Adolescents

Mayela Leal Canchi, MD
MedStar Georgetown University Hospital

Introduction Model of Integrated Mental Health into Primary Care for Immigrant Youth

Maria Aramburu de la Guardia, MD
Assistant Professor
MedStar Georgetown University Hospital

Alejandro Javier Rios Tovar, MD – invited
General Surgeon, El Paso, TX

Speaker -TBN

C5. Clinical Care - CDE
Moderator: Jose Alamo, Jr. DMD
Neo Dentistry – Austin, TX

Facial Deformities

Edwin A del Valle-Sepulveda, DDS, FAAOMS, JD

Attending Staff Oral & Maxillofacial Surgeon, V.A. Caribbean Healthcare System
San Juan, PR
Partner, Caribbean Oral & Maxillofacial Surgery Associates
Ponce & Caguas, PR

1:00 pm – 2:30 pm **Luncheon: Latino Health Care and Social Determinants of Health** – *Salon 2 – CME- CDE*
- supported by Centene Corporation

Moderator: Elena Rios, MD, MSPH, FACP
President & CEO, National Hispanic Medical Association – Washington, DC

Speaker - TBN
Blue Cross Blue Shield Association

Gloria Wilder, MD
Centene Corporation

Speaker – TBN

2:30 pm – 4:00 pm **Health Career Advancement Exhibit Hall and Poster Presenter Awards** – *Exhibit Hall A*

Book Signing – *Heart to Beat: A Cardiac Surgeon's Inspiring Story of Success and Overcoming Adversity—The Heart Way* – Brian Lima, MD, FACS, Director of Transplant Surgery, Northwell Health, NY - Exhibit Hall A

4:00 pm – 5:00 pm **Workshops D**
D1. Clinical Care: HIV, Health Communications and Literacy – *Maryland A – CME – CDE*
supported by CDC Working Together Against HIV

Moderator: Anna M. Munne, DDS
Anna M. Munne, PA & Associates, Houston, TX

HIV – Dentistry's Role in Ending the HIV Epidemic
David Reznik, DDS
Chief of Dental Medicine
Director, Oral Health Center, Infectious Disease
President, HIV Dental Alliance
Associate Director, NYU-Lutheran Georgia AEGD Program

HIV Prevention and Latinos
CAPT. Kenneth Dominguez, MD, MPH (USPHS)
Medical Epidemiologist
Centers for Disease Control and Prevention, Atlanta, GA

Improving Patient and Provider Communication: A Case Study at Mount Sinai Health System
Lourdes Sanchez, MS, CMI
Director of Implementation
LanguageLine Solutions, Monterey, CA

Health Literacy Principles for Latino Patients
Russell Bennett, MBA, CHIE
Consultant
Institute of Healthcare Advancement

D2. Value-Based Care/Business of Medicine – *Maryland B - CME - CDE*
Moderator: TBN

Halving Readmissions Rates: Effectiveness of Cano Health TEACH II (Telehealth After Critical Hospitalization) Study on 30-day Readmission Rates Among Latino Medicare Advantage Patients

Richard Aguilar, MD

Chief Clinical Officer

Cano Health, LLC, Miami, FL

and

Morgan Conger

Electronic Health Records Technician

Cano Health, LLC, Miami, FL

Communication for Compliance

Yanina Jouzy, DDS

Sunshine Smile Dentistry, San Dimas, CA

Value-Based Healthcare and Quality Metrics- *What every clinical should know*

Johanna Vidal-Phelan MD

Senior Medical Director, University of Pennsylvania Medical Center, Philadelphia, PA

Speaker TBN

D3. Women's Health – Maryland C – CME - CDE

Moderator: Sergio Rimola, MD

A Critical Analysis of Improving Access for Pregnant Latinas in Washington, DC

Audrey Lucille D'naranjo MD

Women's Health and the Oral Cavity: Causes and Consequences

Brittany Bergeron, DDS

Immediate Past President and Director of Corporate Relations

American Association of Women Dentists (AAWD)

The Changing Cervical Landscape- What Physicians and Latinas need to know

Ysabel Duron

Founder / CEO of the Latino Cancer Institute
