Student Regional

SEPT. 23, 2023

The **HDA Student Regional** is a national conference established for the educational enrichment, networking, and celebration of all our colleagues, especially our student members. For 11 years, we have teamed up with dental schools from across the country, to host our conference. This year, we have the honor of co-hosting this event with the **UNC Adams School of Dentistry**.

The **Hispanic Dental Association Foundation** is committed to supporting students through the educational process by awarding grants and scholarships to individuals with strong support from corporate partners and individual donors.

Up to \$5000 awarded

Sponsored by Colgate, **Nuestros Niños** is a program designed to address oral health care issues, including prevention and oral care strategies for Hispanic children less than 18 years of age. Students are invited to present a case study with a Hispanic pediatric patient.

Awards up to \$5000

Sponsored by Crest/Oral B, the popular **Orgullo** competition showcases student video presentations of oral health prevention topics.

Awards up to \$2500
